無染棉麻短袖上衣 \$186

棉質企領短袖上衣 \$212

麻是人類最古老應用於衣服上的天然植物性纖維，使用過後能為大自然所吸收，不會成為地球的負擔。同樣，進食原始簡單的蔬食，直接感受陽光雨露的味道，少一點人為添加，從而減輕身體的負擔。

這就是布衣蔬食。

Linen is one of the natural fabrics which have been used by human since ancient time. Linen can be naturally decomposed, which does not damage natural environment. Similarly, we encourage people to eat natural food with less artificial add-ons, step out of your house to explore the nature, and live a healthy life.
